In the recent years, MOOCs have become a buzz word

But...

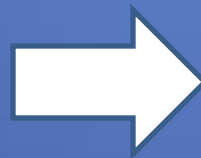

- **Are MOOCs effectively designed and implemented?**
- **Are MOOCs really “free?”**
- **Are MOOCs financially sustainable?**
- **Are we widening our reach through MOOCs?**
- **Are we helping in the learning process of the learners?**

Whether you
MOOC it or not, it
is the **"Learning"**
that is important.

Whether we MOOC it or not, there are challenges:

- ❖ Where is the light?
- ❖ Are we connected?
- ❖ Are these MOOCs designed for whom?
- ❖ Are MOOCs really free?
- ❖ Are MOOCs recognized?
(By Whom?)
- ❖ How can we sustain MOOCs?
